WORK EXPERIENCE

Front End Developer SAS One Pvt. Ltd

05/2022 - Present, Lucknow, India
Programmer

- In my role as a programmer, I've had the privilege of actively participating in a wide range of projects, contributing to the success of well-known endeavors such as Times Ascent, Stock One, SAS Hyundai, RozgaarIndia, and SASONE. Additionally, I have played a pivotal role in the execution of numerous smaller-scale initiatives, showcasing my adaptability and versatility in addressing diverse project requirements.

LIVE PROJECTS

Times Ascent (11/2022 - 02/2023)

Times Ascent is a prominent job portal and career supplement that is affiliated with the widely recognized Indian newspaper, The Times of India. (<https://timesascent.com/>)

Rozgaar India (08/2022 - 01/2023)

Rozgaarindia.com is revolutionizing the way people work. We connect the world with talented verified freelancers faster than ever before to collaborate, and get work done in a safe and secure online environment. (<https://www.rozgaarindia.com/>)

SAS Hyundai (02/2023 - 06/2023)

This is a dealership car website which serves as an online platform for a car dealership to showcase their inventory of vehicles, provide information about the dealership's services, and offer a user-friendly experience for potential customers. This website serves as a virtual showroom, allowing potential buyers to explore the dealership's inventory, services, and special offers from the comfort of their own homes. It plays a pivotal role in attracting customers, facilitating car sales, and building a strong online presence for the dealership. (<https://www.aviraltimes.com/>)

Stock One (04/2023 - Present)

Designed to simplify your inventory/stock management and VIN allocation to create transparency among SAS Hyundai Lucknow sales team. (<https://www.sashyundai.com/>)
